To Whom It May Concern:

Ginny and Joe Jeppi do not just do a job; they perform a ministry. They look at the entire school building as a place where students spend the largest waking hours of each day. They know how important it is to have a clean place where to study. Ginny and Joe get to the bottom of dirt.

Ginny and Joe began cleaning Advent Lutheran Elementary School at the beginning of the 2004-2005 school year. They worked to bring the year-old-building and floor up from scratches, scrapes, spots and blots. They showed themselves to be experts in every sense of the word. They used professionally prepared products, that made the floors sparkle and shine. Areas were cleaned with thoroughness and sensitivity to spotlessness as humanly possible. They always asked if everything was cleaned to my expectations. They took suggestions seriously and they always were willing to extend a hand to help in times of need.

Can you imagine anyone else agreeing to take care of replacing 50-pound water bottles as necessary? They did this because I broke my foot and I could no longer change the bottles to provide water for the students. Can you conceive of anyone else making sure that they cleaned dirt if it appeared in an area for which they did not have to assume direct responsibility? Who would think that a bird could leave such a mess in an entranceway?

That was and is just the way Ginny and Joe are! They stepped up to the plate and became part of the caring people who preferred to minister at Advent. I am so grateful that they chose to be our special helpers!

Blessings in Christ,
